WELCOME!

Dear ISCRAM-Med 2017 delegate,

Welcome to Xanthi!

In this document you will find useful information regarding your stay during the conference.

We wish you a very pleasant stay in our beloved city.

Conference Venue

The ISCRAM-med 2017 conference will take place in the new facilities of the Civil Engineering Department of Democritus University of Thrace (DUTH). Specifically, all sessions and key notes will be held at the Auditorium 4 in Building A of the Civil Engineering Department of DUTH.

The building is located into the "Campus of the Polytechnic School of DUTH" which is few kilometers outside the city of Xanthi.

In the Google map that follows, the Building A of the Civil Engineering Department is noted with the blue pin.

The pins with the numbers 1 to 3, indicate where the hotels recommended by the organizers of the conference are located.

1. Elisso Xenia Hotel tel.: (+30) 254-107-7362
2. 1905 Boutique Hotel tel.: (+30) 254-108-4400/4888
3. Hotel Elena tel.: (+30) 254-106-3901

How to Reach the Conference Venue from the City of Xanthi

You can reach the conference venue either by bus or by a taxi.

Bus Service:

DUTH provides a bus service that connects the city of Xanthi with the campus of the Polytechnic School. This bus service is FREE and has two lines.

All buses going to the campus of the Polytechnic School have in their signs the word “ΠΑΝΕΠΙΣΤΗΜΙΟ” or “ΑΡΧΙΤΕΚΤΟΝΙΚΗ”. So please make sure to see these words in the signs of the bus that you are going to use. It is ok also to ask the driver if the bus is going to the campus, to validate that you are on the correct bus :)

Bus Service “Line A”: “Afeteria” → “Dormitories” (Duration 12 mins approximate)
 “Dormitories” → “Afeteria” (Duration 12 mins approximate)

Image 2 depicts a Google map of the City of Xanthi, showing the route of the bus that serves “Line A” together with its intermediate stops.

The bus starts from point “A”, which is known as “Afeteria” and is located at the center of the city of Xanthi, behind the municipal market. The route of the bus is depicted with the blue color. The route ends at the point where the marker with the letter “I” is shown on the map. That stop is known as “Dormitories”.

The markers with letters “B”, “C”, “D”, “E”, “F”, “G”, “H” on the map show where “Line A” bus makes its intermediate stops.

When “Line A” bus reaches the end of its route (i.e. the “Dormitories”), it makes a short break. After the break, it goes back to the “Afeteria”, following the same route, but this time in the opposite direction.

To reach the conference venue, by using the service of the “Line A” bus, you need to get off to intermediate stop that is indicated on the map of Image 2 with the marker containing the letter “F”. This stop serves the Buildings of the Civil Engineering Department.

Bus Service “Line B”: “Old Campus” (Prokat) → Dormitories (Duration 7 mins approximately)

“Dormitories” → Old Campus (Prokat) (Duration 7 mins approximately)

Image 3 Depicts a Google map of the City of Xanthi, showing the route of “Line B” bus together with its intermediate stops.

“Line B” bus starts from point “A”, which is known as “Prokat” (i.e. the old campus of the Polytechnic School) and is located close to the bridge of river Kosynthos. The route of the bus is depicted with the blue color. The route ends where the marker with the letter “F” is shown in the map. That point is known as “Dormitories”.

The markers with the letters “B”, “C”, “D”, “E” on the map show where “Line B” bus makes its intermediate stops.

When “Line B” bus reaches the end of the route (i.e. the “Dormitories”), it makes a short break. After the break, the bus goes back to the point “A” or “Prokat”, following the same route as before, but this time in the opposite direction.

To reach the conference venue, by using the service of the “Line B” bus, you need to get off to intermediate stop that is indicated with the marker containing the letter “C”.

Taxi Service:

You can use a taxi to go directly to the Building A of the Civil Engineering Department. You can also arrange with other delegates to share a taxi that can drive you to your departure airport (i.e. Kavala, Alexandroupolis, Thessaloniki airports).

This can be done by calling Xanthi's radio taxi service. The cost of getting to the venue of the conference from the city of Xanthi will be 7 Euros approximately.

The cost of a taxi service to:

- Kavala's airport is approximately 60 Euros
- Alexandroulpolis' airport is approximately 150 Euros
- Thessaloniki's airport is approximately 290 Euros

It is possible to use the services of taxi drivers that are not "bounded" by the “price constraints” of a radio service provider. This means that you can bargain the price to reach your desired destination. For more information about this option seek out for Ioannis Dokas, the organizer of the conference. He will be happy to provide you the relevant details.
